EDUCATION

B.Tech

Rungta College of Engineering and Technology , Bhilai , Chhattisgarh

11/2022 - 06/2025

Diploma

Government Polytechnic, Saharsha

09/2019 - 06/2022

PERSONAL PROJECTS

OrderBot – AI Chatbot for Pizza Ordering
(03/2025 - 04/2025)

- Created a chatbot using ChatGPT and Python to take pizza orders in a friendly, step-by-step flow. Used prompt engineering and a custom menu to manage orders, delivery, and payments with a GUI built using Panel.

CyberX91 – Freelance Website (03/2025 - 06/2025)

- Designed and developed a responsive frontend using HTML, CSS, and JavaScript for a client project under Panda Outsourcing. Focused on clean UI, cross-device compatibility, and smooth user experience.

VegaBattle (08/2024 - 12/2024)

- It is a gamified competitive coding platform designed to make coding challenges more engaging and exciting. The platform allows users to participate in versus battles, where two individuals face off in real-time coding challenges. The platform also features a solo mode where individual users can tackle coding challenges.

Shram Vriddhi (Contributed) (06/2023 - 08/2023)

- An all-in-one app for withdrawal/advance from their PF contribution. Facilitating user logins to Applications with their mobile numbers, no requirement of EPFO number. Integrated Google Maps to easily locate and reach the nearby EPFO help centers.

Chat Bot (06/2023 - 08/2023)

- Made a chatbot using google dialogflow which is also hosted and is live and responsive also hosted in GitHub which gives you all answer of your queries you ask him regarding EPF schemes.This chatbot i had made during the Hackathon HackTheSpace
